## Have you a Soiled Blazer or Flannel Shirt

Then wash it with Pearline and it will come out like new, not shrunk but as large and long as ever—with colors bright—at a cost of less than one penny and with very little labor.

Follow the directions for washing flannels, which you will find on back of every package. No rubbing, twisting or wrenching necessary. Use Pearline on finest laces or linens and right down the line of things washable to the kitchen floor; in other words, use Pearline in place of soap—it's better—purer—gives more satisfaction—saves labor—saves time, and is harmless.

These facts account for its rapid and general adoption by economical and thrifty women. They number millions who now use Pearline.

Peddlers and some unscrupulous grocers are offering imitations of the Pearline brand, and it is false—they are not, and besides are dangerous. JAMES PYLE, New York.
